Bio

Cypher, the owner and operator of DayZ Cutters, has coding, scripting, and IT experience in his background. He also holds the position as the "Offline Map Modder" for Deer Isle Map, Valning and Chimsee Maps.

He would like to provide an experience like no other. On DayZ Cutters, he has custom scripted his own mods, he has also included numerous mods no other server has.

DayZ Cutters

Map: Namalsk

An abandoned post-Soviet Aleutian archipelago with a bone-chilling climate setting, with hundreds of new assets, visual effects and environmental sounds creating together a unique atmosphere. Derelict Cold War military installations, underground structures, broken up sea ice and many other unique features and point of interest.

Namalsk Firefighter setup

Admins are just tied up for the moment!

Just an awesome view of Namalsk

Cypher welcomes everyone to submit screenshots of your gameplay for future newsletters. If you have any exciting news, any issues or what not, we will include it in the newsletter. We welcome all players, if you play on Twitch and/or YouTube, we will feature your channels.
